CLOSING DAY AT GRAVESEND.

FERIDA WINNING THE STIRBUP CUP. CROWDED ON THE LAST DAY OF THE JUNE MERTING-EXCELLENT RACING-HIPPLE, CHAR-LRY GORHAM, KRUPP GUN, PERIDA, FLIGHT AND

Every one interested in racing regretted yesterday that the closing day of the June meeting of the Coney Island Jockey Club had come. This club is only in its second year, but is already the strongest and most successful turf organization in the United States. It was a hot afternoon, but the course was necessful as it deserved to be because it was a much crowded, as it deserved to be, because it was a much er and more attractive place than the city, and because the racing was of rare interest. Ripple followed up his victory of Tuesday with another creditable success. That very fast but short winded se Charley Gorham was first in one of his favorite little selling " spins " of three-quarters of a mile. A Brighton Beach beast of great worth called Krupp from such horses as One Dime, Saunterer and Uncas, The last named quadruped crawled along as if his proper place was in a hospital for the ruptured and crippled. Ferida won the Stirrup Cup by pushing her blunt and obstinate nose a few inches in front of Parole's long. A great race with a superb finish! Pierre Lorillard's two-year-old youngster Flight took the welter weights race, and his colt Sachem had a walk-over for the two-year-old purse. Frank Short was first in one of the most absurd travestics of a steeplechase ever seen on any race-course. The attention of turfmen is now directed to Long Branch, where the first summer meeting will open Saturday. DETAILS OF THE SPORT.

DETAILS OF THE SPORT.

Ripple's success over Sir Hugh Tuesday made
the Dwyer colt a strong favorite for the first run of one
mile for a purse of \$500 for all ages, with penaltics for
winners. Dwyer Brothers' colt Ripple (3 years, 100
pounds) brought \$300 in the auction pools, G. L. Lorillard's colt Greenland (3, 110) \$100, Clabaugh's colt
Oden (4, 127) \$90, and Pierre Lorillard's filly Spark
(3, 98) \$55. The run was exciting throughout, but
Planels had the most speed at the end. Greenland led Expele had the most speed at the end. Greenland led for a furiong. Oden second, Spark third and Ripple last. Then Oden passed Greenland, and Ripple ran up to third. In the third quarter all closed up, delighting the spectators. At the quarters post Oden had only a neck the best of it, Ripple second, a neck before Greenland, he only a arter length before Spark. The pace had been easy if a coarly part of the run, but was very fast in the final the early part of the run, but was very larger. Ripple won by a length and a half in 1:45%, oden second, only a neck before Greenland, and he only a neck before Spark—a fine finish. Ripple is clearly litted for high speed in choice company. He deserves good rank among the three-year-olds. Mutuai pool lickets paid \$9 15.

In the second race, Charley Gorham, that antique win-ber of innumerable selling races, came to the front again, and the backers of Victim wore sad faces. As stated in The Tribune yesterday, there were indications that Victim was not meant to win Tucsday, but yesterday his owner, Spellman, was on his back—he did not ride Tuesday—and the "tip" was passed around that Victim could not lose. So he was made a big favorite, thence there were too starter.

The fourth affair was a walk-over for P. Lorillard's Sachem, the only other entry, G. R. Lorillard's Rambier, being withdrawn. Sachem would have lad a waik-over practically even if Kambier had started, he is so much the better.

The fourth affair was a walk-over for P. Lorillard's Rambier, being withdrawn. Sachem would have had a walk-over practically even if Rambier had started, he is so nouch the better.

The fitta race was the most important of the day and one of the beat of the meeting. It was 2½ miles, for the stirrup Cup, a handicap sweepstakes of \$50 cach, with \$1,500 added, \$500 for the second horse. The total value was \$1,750. There were flive starters: P. Lorillard's gelding Parole (aced, 115 pounds), ridden by Feakes; Dwyrr Brothers' coid Elins Lawrence (4, 112), ridden by McLaughilin; G. L. Lorillard's mare Ferida (5, 109), ridden by Hayward; and Bell's gelding Franklin (6, 100), ridden by Jonothen. The betting Franklin, who fell back to the rear. At the half mile post in the flual mile Elias Lawrence was half a length before Franklin, who fell back to the rear. At the half mile post in the flual mile Elias Lawrence made his run, but Elias Lawrence was still signify in advance at the three-quarters post, Ferida within a head of him and Parole within a length of her. Ferida was first into the arreted with Farole now at her shoulders. Farole struggled nobly, and under the was fresher. But just barely beat him by a head in the heat interfer, in the good time of 3:48. Parole was a length before Elias Lawrence, Trish King fourth, Franklin beaten of. It was a spiendid mish for so long a race. Farole was defeated but not disgraced. Ferida hat autumn made it evident that she was one of the best animals on the american turf at a long distance. Sich and been beaten halfy in three 'heat races at this meeting, but was not her half self

a empiricious way.

The Long Branch meeting will open on Saturday, and
premises to be very attractive.

A weekly turf guide is now published in the city by
Gendwin Brothers, and is useful to persistent followers
of moss. The next number will be out Saturday.

OTHER OUTDOOR SPORTS.

CLOSE OF THE PIGEON TOURNAMENT. "Everyone is sick of the thing, so we only use the beeks open for the \$2,000 centest about 10 fortes, and then handed back what entrance money had received. So it will not take piace."
This was what Francis Chamberiain, one of the management of the piace tournement at Court Island, and year.

terday, when an inquiry was made of him. He stated exactly the position of affairs, as it is probable that had the tournament continued another day there would not have been any sportamen present. The shooting began yesterday on contest No. 11; 23 entries. This was a class shoot, five double rises. G. F. Gildersleeve was the only one who made a "clean straight" of 10, thereby winning the first prize without having to shoot off a tie. In (leas B. there were nine ties of 6. off a tie. In Class B. there were nine ties of 6. It was won, in the order named, by J. M. George, of Bradford, Penn., S. A. Locke, of Brooklyn; and J. M. Hersher, of Kansas. The first prize was a bronze valued at \$100. Contest No. 12 being withdrawn for the reasons given above, No. 13 was called. There were thirty-six entries, and it was not until 8 o'clock that the ties were all shot off, and the tournament was finished. There were nine the winner, J. F. Kleintz, of Chicage having to kill thirty-three birds before shooting betto than C. E. Willard, of Chicago, N. Harrison, of Newari and C. Townsend of Englewood, all of whom killed more than thirty birds each. The prize was a sixteen gauge gan valued at \$75. J. Von Lengorke won in the ties of tour, P. McGill in the ties of three, and H. Hedeman in the ties of two. This brought the shooting to a close. George A. Chappelle made a speech thanking everybody; there was some cheering and the few sportsmen present dispersed to meet at Ningara next year.

WALKING HIS MILES IN QUARTERS. With the exception of some small boys and a few neighbors curious to know what was going on at "Goat Hill" there were very few persons who watched Gale's attempt of "the greatest feat of human endurance." The extreme heat yesterday did not drive him from the track, although his neck and shoulders are severely bilistered. The loss of two nights sleep is not, as yet, apparent. Gale does not expect to feel the lack of sleep until the beginning of next week.

SUNSHINE AT LONG BRANCH.

Long Branch, N. J., June 29.—The waves dashed up the beach as far as the bathing houses Mon-day evening, but did no damage. It rained heavily day evening, but did no damage. It rained heavily nearly all night. Yesterday the sun shone brightly, but a strong breeze made it cool and pleasant near the abore. To-day the weather is very warm, and the beach is filled with children and ladies. The hotel proprietors are kept busily engaged in answering telegraphic orders for rooms. The cottages that line Ocean-ave, and the adjoining avenues are filled. The Mansion Home managers will give sacred concerts.

TALK WITH EX-SECRETARY THOMPSON.

Richard W. Thompson, of Indiana, ex-Sec-retary of the Navy, who is now engaged in the De Lesseps Panama Canal scheme, was at the Fifth Avenue Hotel

Tuesday. A TRIBUSE reporter inquired of him how the project was getting on.

"Very well. There is nothing new to communicate to the press in regard to it." was the reply.

"When does the Canal Company take possession of the

Panama Railroad, which it has bought i"
" On July 1."

"On July 1."

"Will the Company begin to dig the canal soon I"

"Now you must excuse me. I don't care to talk on the subject at this time."

"To change the subject, then; what is thought in Indiana of the political deadlock at Albany I"

"Well, I can tell you one thing; there are no Conkling men to speak of in Indiana. Occasionally there is a man be well extense to instify Mr. Conkling's course, but

men to speak of in Indiana. Occasionally there is a man who will attempt to justify Mr. Coukling's course, but such persons are very rare."

"He will not, then, interfere with the harmony of the party in Indiana;"

"Not in the least. The party is growing stronger there. The municipal elections this last spring show that. The Greenbackers try to keep up a show of resistance to the inevitable, but with the exception of a few leaders there is nothing left of them."

"What do you think of the contest in Ohio?"

"There seems to be a little doubt about the effect of the temperance movement there. There are always some impracticable men in the Prohibition party who are ready to pull down, rather than build up. The success of the prohibition movement in Kansas has given some zest to the party in Ohio, but I don't think the leaders in it will care to defeat the only party that ever assists them."

THE COURTS.

UNDUE INFLUENCE OVER A WARD.

UNDUE INFLUENCE OVER A WARD.

Henry H. Houghton died in 1857 leaving a will in which he disposed of an estate valued at that time at about \$150,000. Zachariah Dederick was appointed executor of the will, with authority to pay the income of the estate to the two children of the testator, Mary H. and John Houghton. The executor filed an inventory of the estate in 1858, but has never made any accounting. Mary H. Houghton petitioned the Surrogate in 1878 for an order compelling the executor to account, but afterward withdrew her petition, then retracted her withdrawal and again retracted this retraction. The Surrogate appointed a referce to ascertain whether or not her action had been

again retracted this retraction. The Surrogate appointed a referee to ascertain whether or not her action had been brought about by undue influence on the part of the executor, and the referee reported about six months ago that the executor had exercised undue influence over his ward; but as Miss Houghton had in the meantime arrived at her majority the Surrogate declined to compel an accounting.

The only question affecting the estate which then remained for the consideration of the Court, was that of the allewances to be granted to counsel. Surrogate Calvin handed down yesterday a decision in which he refuses any allowance to the counsel for the executor, and grants an allowance of \$1,000 to the counsel for Miss Houghton, whom she had formally discharged.

Albert Parson and Charles Strauss were Miss Houghton's counsel, and John A. Mapes and Charles Mathews counsel for the executor.

David Dudley Field and R. E. Deyo ap-peared yesterday before Justice Larremore on the peared resterday before Justice Larremore on the part of the Manhattan Rall way Company, to argue in favor of a motion to restrain the Trustees of the New-York and Brooklyn Bridge Company from interfering with the station of the New-York Elevated Road opposite the City Hall. Messra Bergen and Dykman and A. J. Vanderpoel appeared for the trustees of the bridge. Mr. Deyo read an affidavit setting forth that the station had been used in its present situation without objection on the part of the trustees, although a man showing its
